

Audrey Magida HB 5326

Since my husband and I are both in our eighties, we are well aware after watching many of our friends' suffering extraordinary pain before dying, that this legislation is very important.. How wonderful it would be for us and our friends to know that by passing legislation we need no longer fear such pain. You know, most of us do not fear dying as much as we fear the pain we needlessly must endure.

Please exercise your compassion by supporting this act.

Sincerely,
Audrey Magida
